

Daily Scrum Meeting Minutes:

Attendees: Zainab Akhtar, Michael Alvarez, Javier Espinosa, Joseph Avalos, Bryan Rivero

Start time: 7:00 PM

End time: 7:35 PM

Zainab Akhtar:

- How many hours did I work since the last meeting?
 - 1 hour
- What was done day since the last scrum meeting?
 - Went over the user stories for sprint 2 and broke down my designation story into smaller tasks by identifying the permission categories and key roles required for the onboarding and onboarding system. Also went over the scope and prepared it for alignment with the documentation.
- What is planned to be done until the next scrum meeting?
 - Begin to draft the role descriptions and RBAC definitions, making sure they align with the security requirements and system scope.
- What are the hurdles?
 - Avoiding making the RBAC model over-complex.

Michael Alvarez:

- How many hours did I work since the last meeting?
 - 1 hour
- What was done since the last scrum meeting?
 - Reviewed the user story 1 and started to outline the workflow for the onboarding system at a higher level, identified where the identity management and access control interactions would occur. Also started to create notes to ensure consistency review.
- What is planned to be done until the next scrum meeting?
 - Start to refine the workflow documentation step-by-step to make sure everything goes with the architecture diagram.
- What are the hurdles?
 - Covering all of the necessary security checks.

Javier Espinosa:

- How many hours did I work since the last meeting?
 - 1 hour
- What was done since the last scrum meeting?
 - Reviewed user stories 6 and 6 to figure out what needs to be done and allow enforcement points and system assumptions to be broken down into smaller sections for security constraints.
- What is planned to be done until the next scrum meeting?
 - Begin to draft the decisions for access control and also start creating the initial assumptions and security constraints.

- What are the hurdles?
 - Balancing the clarity for non-technical readers with technical accuracy

Joseph Avalos:

- How many hours did I work since the last meeting?
 - 1 hour
- What was done since the last scrum meeting?
 - Went over user stories 4 and 2 to outline the work needed to the offboarding workflow, focusing mainly on compliance timing and access removal. Also went over how the identity management system interacts with offboarding.
- What is planned to be done until the next scrum meeting?
 - Refine the identity management interactions and offboarding workflow
- What are the hurdles?
 - Making sure the steps effortlessly reflex the compliance and security requirements.

Bryan Rivero:

- How many hours did I work since the last meeting?
 - 1 hour
- What was done since the last scrum meeting?
 - Went over al of the user stories to understand the priorities and scope. Also started to create a checklist for the documentation so i know what needs to be done.
- What is planned to be done until the next scrum meeting?
 - Help with going over the RBAC sections to allow for consistency and clarity.
- What are the hurdles?
 - Keeping the wordings consistent throughout.
