

## Daily Scrum Meeting Minutes:

Attendees: Zainab Akhtar, Michael Alvarez, Javier Espinosa, Joseph Avalos, Bryan Rivero

Start time: 7:00 PM

End time: 7:35 PM

Zainab Akhtar:

- How many hours did I work since the last meeting?
  - 1.5 hour
- What was done day since the last scrum meeting?
  - Began to outline the diagram for systems interactions by identifying the main components involved in the identity management, offboarding access control and onboarding. Also drafted the initial flow of interactions to better determine the structure and scope.
- What is planned to be done until the next scrum meeting?
  - Start the first version of the diagram of interactions and also validate the relationships between the components and workflows.
- What are the hurdles?
  - Making sure the terminology is clear for non-technical stakeholders.

Michael Alvarez:

- How many hours did I work since the last meeting?
  - 1 hour
- What was done since the last scrum meeting?
  - Went over the existing RBAC documentation and workflows to identify where the traceability links can be created with the security constraints. Also note the gap that need clear mapping.
- What is planned to be done until the next scrum meeting?
  - Start to create the traceability mapping between the RBAC roles, workflows, and security constraints.
- What are the hurdles?
  - Avoiding the redundancy

Javier Espinosa:

- How many hours did I work since the last meeting?
  - 1 hour
- What was done since the last scrum meeting?
  - Went over the previous documentation tasks to get ready to validate them against the acceptance criteria. Selected sections which need to be improved for closer review.
- What is planned to be done until the next scrum meeting?
  - Start to validate the acceptance criteria against the user stories to meet the definition of done.
- What are the hurdles?

- Ensuring that the criteria of acceptance are applied throughout

Joseph Avalos:

- How many hours did I work since the last meeting?
  - 1 hour
- What was done since the last scrum meeting?
  - Started to outline the structures for the sprint review mainly identifying the main documentation and diagrams that should be presented at final time.
- What is planned to be done until the next scrum meeting?
  - Draft the summaries and also organize the content.
- What are the hurdles?
  - Deciding how technical I should make the details.

Bryan Rivero:

- How many hours did I work since the last meeting?
  - 1 hour
- What was done since the last scrum meeting?
  - Went over the user stories that were created and collaborated with the team to better understand the scope of the traceability requirement and system interactions diagram.
- What is planned to be done until the next scrum meeting?
  - Help with creating the system interaction diagrams and also to establish the traceability with the workflows and RBAC.
- What are the hurdles?
  - Keeping the visual representation and terminology consistent throughout the documentation.
