

Daily Scrum Meeting Minutes:

Attendees: Zainab Akhtar, Michael Alvarez, Javier Espinosa, Joseph Avalos

Start time: 6:00 PM

End time: 6:30 PM

Zainab Akhtar:

- How many hours did I work since the last meeting?
 - 1.5 hour
- What was done since the last scrum meeting?
 - Started to refine the diagrams security flow by focusing on how authorization and authentication are dealt with in the identity management system. Added security-related symbols in the legend as well as other labels for onboarding and offboarding responsibilities.
- What is planned to be done until the next scrum meeting?
 - Finalize the diagram so it can be added into the documents. Go over the diagram with the team to make sure it fully aligns with the tool choices and requirements.
- What are the hurdles?
 - Ensuring the diagram's security flow is clear and not overly complex.

Michael Alvarez:

- How many hours did I work since the last meeting?
 - 1.5 hour
- What was done since the last scrum meeting?
 - Shared the list of requirements with the group and received feedback. Using those feedbacks I made revisions to make clear the role-based access controls as well as removed some of the overlapped items.
- What is planned to be done until the next scrum meeting?
 - Finalize the table of requirements and start preparing it to be added into the documentation.
- What are the hurdles?
 - Ensuring the list of requirements goes with the evolving tools and architecture.

Javier Espinosa:

- How many hours did I work since the last meeting?
 - 1.5 hour
- What was done since the last scrum meeting?
 - Collaborated with the group to further compare and contrast the tools and see which one would work best for the project. Helped started the discussion about which tool we should finalize and why.
- What is planned to be done until the next scrum meeting?
 - Finalize the tool which would match all requirements and work best for our group. Also document why we chose this tool.
- What are the hurdles?

- Reaching an agreement with the group about what tool to use within the scope that would not over complicate things.

Joseph Avalos:

- How many hours did I work since the last meeting?
 - 1.5 hour
- What was done since the last scrum meeting?
 - Started to draft the content for the admin procedures and configuration by adding placeholders to see layout. Updated the section headings to ensure clear system components.
- What is planned to be done until the next scrum meeting?
 - Expand and refine the admin and configuration section once and only if the tools are finalized. Add in a diagram once that is done.
- What are the hurdles?
 - Waiting on the other parts such as tools and diagrams to be finalized in order to finish my part.
