

Daily Scrum Meeting Minutes:

Attendees: Zainab Akhtar, Michael Alvarez, Javier Espinosa, Joseph Avalos, Bryan Rivero

Start time: 6:00 PM

End time: 6:20 PM

Zainab Akhtar:

- How many hours did I work since the last meeting?
 - 1 hour
- What was done day since the last scrum meeting?
 - Added a more clarity filled breakdown of the interaction process of the onboarding and offboarding with access control and identity managements at multiple system levels.
- What is planned to be done until the next scrum meeting?
 - Go over all of the explanations and make sure they stick with the requirements, scope, and ensure consistency and clarity.
- What are the hurdles?
 - Making sure that all of the breakdowns are easy to follow.

Michael Alvarez:

- How many hours did I work since the last meeting?
 - 1 hour
- What was done since the last scrum meeting?
 - Went over the descriptions in the requirements to make sure they clearly list the workflow and system components. Fixed up the wording that was redundant as well and increased clarity in text.
- What is planned to be done until the next scrum meeting?
 - Finalize the requirements and ensure they are consistent with the architecture and documentation sections.
- What are the hurdles?
 - Making sure the requirements are concise.

Javier Espinosa:

- How many hours did I work since the last meeting?
 - 1 hour
- What was done since the last scrum meeting?
 - Added brief descriptions for the access control and identity management tools that explained how each one supports the offboarding and onboarding.
- What is planned to be done until the next scrum meeting?
 - Make some final adjustments to wording and tools sections before sending it to be added into the documentation.
- What are the hurdles?
 - Making sure the clarity is balanced while having explanations that are security-focused.

Joseph Avalos:

- How many hours did I work since the last meeting?
 - 1 hour
- What was done since the last scrum meeting?
 - Started to draw out the workflows for the offboarding, onboarding and responsibilities in a brief manner.
- What is planned to be done until the next scrum meeting?
 - Ensure that the alignment and workflows for admin processings fits with the system requirements and the diagram architecture flow.
- What are the hurdles?
 - Avoiding assumptions regarding configurations or specific tools.

Bryan Rivero:

- How many hours did I work since the last meeting?
 - 1 hour
- What was done since the last scrum meeting?
 - Went over the documentations updated version and gave my feedback to ensure clarity and make sure its something that non-technical stakeholders would also understand. Also identified some areas where the transitions could be way smoother.
- What is planned to be done until the next scrum meeting?
 - Further refine the documentations by reviewing the workflows for onboarding and offboarding to see when it will be complete.
- What are the hurdles?
 - Making sure the terminology is consistent within the sections.
